5) Officer's Reports

a) Chairman's Report

The main thing happening was the Pudsey Swapmeet and, although the numbers were not up to what they were when Gordon started it some years ago, it was an enjoyable occasion. As well as an opportunity for bargains, it was always a meeting place for old friends, and somewhere for the Committee to hear the gripes and complements from the Membership. The the spacious surroundings added to the atmosphere and the majority I spoke to applauded the return to this excellent venue. It may seem expensive at a cost of £600 and a return of £268, but we are here to provide a service not make a profit, and this is what we did.

It was good to see some new faces at the last committee meeting and I hope they will continue to attend.

I visited the Whitcliffe Mount Sports Centre in Cleckheaton with Phillip Kent to arrange some dates for indoor flying there, to include free flight and RC fixed wing..

b) Vice Chairman's Report

Since my last report is only two weeks old there is little to add for this meeting.

During the last two weeks I have been planning for flying at Dishforth in 2012, when I really should have been praying for better weather.

I have asked MOD Catterick to give me the costs for 25 Sundays during 2012, the extra day being for Phillip Kent's Scale Day.

Some of the Dishforth flyers are asking if we can apply for every Sunday during 2012. I will only be prepared to go ahead with this request if I can get enough people to volunteer to run the extra days and if our committee are prepared to cover the initial costs. The £5 charge would still apply and I would expect that we would not be far short of covering the costs or equalling them. Is the committee prepared to cover the initial cost?

My last request is that the Northern Area gives £50 to the Bentley Priory restoration fund.

This building has great historical interest and is the spiritual home of the Battle of Britain pilots.

Dowding and Sir Keith Park controlled the Hurricane and Spitfire Squadrons from this building and kept Britain free from Hitler's monsters.

The cheque should be made payable to "The Bentley Priory Battle of Britain Trust" at Wenleberie, Moor Common, Lane End, Bucks, HP14 3HS.

c) Delegates Report

i) Full council 10th Sept 2011

The full council meeting was long!! Very long!!

There was a vote of confidence in the Records Officer which was defeated.

The proposal regarding team funding was amended to be £400 for World championships as there will be extra monies available from some new sponsorship next year.

The accounts for the past year and budget for the next year were reviewed, a £1 increase on all classes of membership will be proposed at the AGM.

The CEO reported on a change of insurance broker for the coming year (Dudsons (sp)) with increased levels of cover, no age limit on the accident cover and the ability for small claims to be dealt with much quicker through the office.

The proposal regarding the limited use of metal blades was accepted with minor ammendments, anyone using them has to apply through the office first.

The Devon Sub area has been suspended.

Also that the Achievement Scheme Review Committee be given the authority to change this Standards booklet in line with any changes to the manoeuvres in the BMFA Scale Rule Book without referral back to Areas Council. Any such changes will be notified to the ASRC by the Scale Technical Committee and jointly agreed.
- xv. That the 2010 Member's Handbook, page 57 column 1, Withdrawal of Certificates, paragraph 5, be modified.

6) Comments on Officers Reports

- a) After some discussion the Vice Chairman said he would look at the viability of running Dishforth flying every Sunday during the summer. He will also investigate how the Dishorth and Harrogate clubs pay for their flying at Dishforth and if anyone will be able to help run these extra sessions. It was proposed by DMFC and seconded by D&DMAC that the Area gives £50 to the Bentley Priory restoration fund. For 7, against 0.
- b) After discussing the Delegates report it was agreed that the Area vote against the proposed Southern Area Chief Examiner, Matthew Lodge as it was submitted incorrectly. All other changes were agreed.

7) A.O.B

- a) Adrian Barker (YMAS) brought with him a box of trophies, cheque book and other paperwork which he had been given and thought may have belonged to the Area. After going through it it was agreed this was correct and was probably from around 1983. Peter Hornby took the paperwork and cheque books to investigate if the account was still valid. Gordon Warburton, FSMAE took the trophies away to see if the Area had a use for them.
- b) Gordon Warburton, FSMAE raised the point that in the latest BMFA News SAM35 was to introduce "radio assist" to freeflight competitions. He said that this needs clarification.
